

The KLOVE affiliate in Clinton MO, 96.1 is an inspirational station for many listeners. It has helped spread the word of Christ to those who choose to hear it and has helped myself through many trials in my life through the postitive programming and prayer support. I believe that it would be a huge mistake to remove KLOVE from the airways as it touches so many lives beyond just the music. It is one of the few stations you can let your children listen to and not have to worry about what messages they are receiving. The benefits of KLOVE go beyond the music. Thank You
